

Mild Steel Round Bars (Dia 20â??26 MM) â?? Hot Rolled, Black Finish, Untested LC Steel

Description Hot Rolled Mild Steel Round Bars â?? Black, Commercial Steel Ste

Steelmet Industries supplies plain round bars in popular diameters ranging from 20 mm to 26 mm. These are hot rolled black bars made from untested mild steel a?? low carbon (LC), widely used in non-critical fabrication and structural work.

ð??• Product Specifications

Parameter	Details
i alallietei	Detalla

Type Plain Round Bar

Process Hot Rolled

Grade Untested Mild Steel / Low Carbon (LC)

Surface Black (as rolled)

Ends Sheared (standard), Cold Saw Cut (optional)

As per availability MOQ

ð?? • Available Sizes & Lengths

Diameter (MM)	Standard Lengths (ft)	Exact Length (ft)	End Type
20	18 / 20 / 22	Up to 22	Sheared / Cold Saw
22	18 / 20 / 22	Up to 22	Sheared / Cold Saw
23	18 / 20 / 22	Up to 22	Sheared / Cold Saw
25	18 / 20 / 22	Up to 22	Sheared / Cold Saw

Diameter (MM) Standard Lengths (ft) Exact Length (ft) **End Type**

26 18 / 20 / 22 Up to 22

Sheared / Cold Saw

8 Themical Composition (Typical â?? LC Mild Steel)

Typical Range (%) Element

Carbon (C) 0.15 â?? 0.20 Manganese (Mn) 0.40 â?? 0.70

Sulphur (S) 0.050 max

Phosphorus (P) 0.050 max

Usage

Fabrication Brackets, base plates, structure Stools, grills, brackets Re-rolling Flats, hex, square bars Fencing / Gates Hinges, handles, latches â? Benefits of Steelmetâ??s Black MS Rounds

- â??ï. Cold saw cutting on request
- â??ï Custom exact lengths up to 22 ft
- â??ï Ideal for welding, fabrication & non-critical jobs

â•? Frequently Asked Questions (FAQs)

Is this tested material?

No, this is untested commercial quality mild steel. Suitable for general fabrication but not for critical load-bearing or certified applications.

Can you provide exact 22 ft bars?

Yes, exact lengths up to 22 ft can be provided against order. Cold saw cut ends are optional for better squareness.

Are these bars suitable for welding?

Yes, low carbon mild steel is easily weldable using standard welding electrodes or MIG welding methods.

Can I get delivery across India?

Yes. We arrange dispatch to any part of India via truck, trailer, or container â?? based on order quantity and urgency.
