

## C55 VD Route Rolled Rounds ?? 120 to 200 mm

### Description

**Freshly rolled and ready for dispatch!**

Steelmet Industries now offers C55 VD Route Rolled Rounds in sizes 120 to 200 mm, standard length **18??20 ft.**

C55 is a high carbon steel known for its **excellent wear resistance, superior strength, and good hardenability**, making it ideal for **forged components, crankshafts, spindles, connecting rods, and hand tools.**

Processed through the **Vacuum Degassed (VD) Route**, these bars ensure clean internal soundness, improved machinability, and predictable response to heat treatment ?? ensuring durability and dimensional accuracy in every application.

Also available in **related grades** like **EN9, CK55, and AISI1055**, along with other carbon and alloy steel grades upon request.

?? Book your requirement or schedule your next batch with Steelmet Industries.
