

C55 VD Route Rolled Rounds ?? 120 to 200 mm

Freshly rolled and ready for dispatch!

Steelmet Industries now offers C55 VD Route Rolled Rounds in sizes 120 to 200 mm, standard length 18??20 ft.

C55 is a high carbon steel known for its **excellent wear resistance, superior strength, and good hardenability**, making it ideal for **forged components, crankshafts, spindles, connecting rods, and hand tools**.

Processed through the **Vacuum Degassed (VD) Route**, these bars ensure clean internal soundness, improved machinability, and predictable response to heat treatment ?? ensuring durability and dimensional accuracy in every application.

Also available in **related grades** like **EN9, CK55, and AISI1055**, along with other carbon and alloy steel grades upon request.

?? Book your requirement or schedule your next batch with Steelmet Industries.
